

Community Volunteers - Marloes & St. Brides

The Community Council, in conjunction with Gina Smithies confirm that the volunteers making up the community support group established over a year ago are still active and continue to be happy to help out during the winter months. In particular, the volunteers will be available over January as Stef and Paul have advised that the Shop and post Office will be closed to allow them to take a break at a quieter time of year.

The volunteers are your neighbours, and not a professional body, and can offer help within reason. If you need medical advice please use the NHS advice line by calling 101, or in an emergency dial 999.

If you would like to speak to us, or want to help please ring Gina Smithies - mobile number 07887527152 and landline 01646636269; or ring Yvonne Evans (Clerk to the Community Council) on 01646 636251

How can we help?

Arranging deliveries, picking up shopping & medications; a friendly phone call posting mail; urgent supplies, helping topping up domestic fuel.

During the months of December and January we will update advice/information via the website - www.marloes.org.uk and also by information on the Marloes Village Hall Notice Board.
